Dedication Choice

The Clintonia staff and the Senior class are proud to dedicate the 1976-'77 yearbook to Mrs. Myra M. Westray. Mrs. Westray received her B.S. at Illinois State University. For the last sixteen years, she has been a member of the Clinton English staff. During that time she has taught English IB, IIA, and IIIC. She has helped all who needed her and has been a loyal Maroon supporter. All of us at C.C.H.S. want to wish Mrs. Westray the best of luck now and in the future.

This year's concert band proved enjoyable to all who attended their fine performances. They played at two main concerts in addition to performing in parades and in halftime at the home football games. One of their special activities was greeting President Ford in Lincoln as the feature band. The pep band entertained many listeners at basketball games. The jazz band proved their outstanding abilities by performing also at concerts. The definite success which the band has achieved is due not only to the band members, but also to their director, Mr. Davis. We thank him for his recognizable talent and skillful guidance.

Clinton chorus has been right on key this year. They started the year out by being in the Christmas parade, where they were very well received. This appearance was followed by a Christmas concert that was

One of the greatest honors a high school student can receive is election to the National Honor Society. According to the national office, a student must have at least a "B" average in order to be eligible. In the Charles Evans chapter at C.C.H.S., a student may first become eligible during the second semester of his junior year. Eligibility for induction is based on scholarship, character, leadership, and service. After totaling the service points of all students scholastically eligible, each teacher rates those students whom he knows as to character and leadership on a scale of 1-10. After totaling and averaging the points of all four categories, those students whose points meet the predetermined quoitent are inducted into National Honor Society.

The Clinton FFA Chapter received it's Charter in December of 1945. Since then the chapter has grown to become one of the strongest in our area. Some of the activities have been: landscaping the front area of the school and planting trees along the sides of the school. The members also worked with the 4-H placing flowers on the Square. A few of FFA's contest areas are: Land use, Parlimentary Procedures, Grain Shows, Public Speaking, Livestock Judging, Demonstration, Mechanics, and Foundation. Student Council—A Busy Year

Student Council is a self-supporting organization of students that serve as a voice for the student body. They help with the concerns of students and aid in communications between students, faculty, and administration.

This year, students from the council participated in several committees. On the student discipline committee, early graduation committee, and weighted grading system committee, members of the council expressed their policies. Another committee the council participated in served as a liason with the administration; problems and possible solutions were presented by both students and administration.

Student council also was in charge of many homecoming activities. They sponsored spirit week, picking winners and awarding prizes each day, as well as sponsoring the homecoming dance, snake dance and bonfire, and the assembly for the homecoming queen. In addition, the council awarded the prize money and helped to organize the homecoming parade. Furthermore, they also held several money making projects this year. Among these were the buttons, banners and Fuller-Brush products.

This year proved to be a successful one for the council, and we hope many more will follow.

There were eleven charter members. Eligibility is determined by a points system. One must have 10 total points and must have performed in two major plays. Both on-stage and backstage work are required. Induction of new members comes after the fall play and after the spring musical, with a banquet being held in the spring. The Troupe's long range goals include enlarging its theatrical scope by participating in contests, as well as doing readings, and possibly theater in the round. In Memory of Rick Baker

Within our minds, the memory of you will always last. We will talk and mention your name, and remember the good days together. But our memory of you will always be in our hearts.

We'll always feel an empty spot, because you had to leave us too soon. We will always think about you and remember you, and try to never change our feelings for you.

Laura Parker

Deeply missed by the Class of '78.
